"In "Aitareya Brahmanam of the Rigveda" written about 3000 years ago, the prime dictum is to be like the SUN and keep on travelling tirelessly; travel and move on. In Sanskrit literature there are three terms for tourism derived from the root word "atna", wherein "atna" which means "going or	NOEKI	0-2	29	3
	leaving home for some other place for a shortperiod". The three words are:				
	1)Tirthatan meaning going out to places of religious

	3) Paryatan meaning going for pleasure and

Q. 20	Characteristics mean the basic features or qualitiesthat	NCERT	U-1	9	4
	give anything an Identity.				
	1) Intangibility - Intangibility is the most unique				
	characteristic of Service Industry. Things you can see,				
	touch and feel are known as tangible like the consumer				
	goods. Intangible, on the other hand, means that things				
	cannot be seen, tasted, felt/touched, heard or smelled				
	before purchase but they can only be felt and experienced				
	during consumption.				
	2) Perishability is considered to be the feature of product				
	when the product is lost very quickly.all tourism products				
	are perishable and have very short window of time frame in				
	which they need to be sold or else they are lost forever.				
	The product cannot be stored for use or sale later. For				
	example, a hotel room if not sold and occupied today				
	cannot be sold tomorrow for today.				
	3) Inseparability- A tourism product is often referred to as				
	being inseparable. This means that the product cannot be				
	separated from the service provider as oftenthe product is				
	being produced and consumed simultaneously. In tourism				
	industry, often the participation of the consumer along with				
	the service provider simultaneously is necessary for its				
	consumption. For example, the experience of visiting Taj				
	Mahal in the moonlight or climbing the Eiffel Towercannot				
	be experienced sitting in a room.				
	4) Lack of ownership is a typical service characteristic also				
	seen in tourism industry. One can go to a restaurant to				
	enjoy a meal but it does not mean that theconsumer is the				
	owner of the restaurant or the table used for meal or the				
	cutlery. The consumer only pays for the meal and the				
	service that accompanies the meal and has no ownership				
	rights.

	4. Political: Government policies can also act as barrier to tourism. These government policies can be related to:				
	a) Government tax policies				
	b) Restriction on the entry of charter flights
