

## Deleted Syllabus of CUET UG 2026

### CUET UG 2026 Mathematics Deleted Topics

NTA has removed several topics from the Mathematics syllabus, making it lighter for 2026 aspirants. Check below list:

Unit	Topic	Details
Unit III: Calculus	Tangents & Normals	Gradient of tangent and normal, equations of tangents and normal — removed from Application of Derivatives
Unit III: Differential Equations	Growth & Decay Models	Entire section on "Application of Differential Equations: Growth and decay model" deleted
Unit V: Time Based Data	Index Numbers	Removed from unit title (focus now on Time Series only)
Unit VI: Statistics	Two Independent Groups t-Test	Only one-sample t-test remains; two groups t-test removed
Probability chapter	Random Variables	Random Variables (from Probability chapter)
